Taking advantage of the real Braw Curlers being a wa the toon Mr. Robertson decided to show what the old-timers could do---so last Monday he arranged a match with some unco Bonny Lassies to a Curling Match at the Toon Rink, and he picked out a Braw Rink of Scotchmen to deal out defeat.

Mr. Geo. Calder played 3rd. and to show the real Scotch strain in him, played 2nd. also, Mr. Tudor played lead.

But the defenceless Lassies inflicted such a heavy defeat on the Mon frae the Heather, that they are a Sadder and Wiser Rink the noo.

**Appeal Case To Ottawa**

CALGARY—J. McKinley Cameron, K. C., counsel for Emil Picariello and Mrs. Florence Lassandro, announced in Regina that he would lodge an appeal against the decision of the appellate division of the supreme court of Alberta, which on Friday decided that the pair should, not have a new trial. This course was made possible because of the fact that the decision was not unanimous. Mr. Justice Beck dissenting. Thus the case will go to the Supreme Court of Canada

**Epidemic Claims Thousands Of Victims**

Our Readers' attention is "Specially" drawn this week to the Advertisement of Mr. T. R. Blaine of the "Bow Island Drug Co" of Main Street, Bow Island, for Mr. Blaine tells all of us in no uncertain manner, that we are to "Beware of the Flu Epidemic" that already there are thousands of Cases down East" and "Many Cases Right Here," and he also truly says that "Prevention is Better than Cure"

Now Mr. T. R. Blaine who is a Graduate in Pharmacy, speaks with all the Weight of Knowledge backing him of a Learned and Noble Profession — so we should give "Deep and Earnest Thought" to his words of "Warning" to "Beware of the Flu Epidemic"

We would advise all people to be very careful where they send their Washing, because in some places Your Washing is likely to be Mixed and Washed along with Clothes sent out from a home where there are "Virulent and Catching Cases of the Flu Epidemic"

One of the Worst features of the "Flu" is that it so often leaves a "Weak or Diseased Heart," or "Eyes," or a "Lowered Vitality" making a person more susceptible to Diseases and with Greatly Diminished strength to Rally from them.

Therefore to Protect Yourself and all those You hold dear to You—Even if it Cost a Little more to send away — Send Your Washing to a Thoroughly Up-to-Date and Sanitary Laundry. There are two reliable Sanitary Laundries that we could strongly recommend: "the Lethbridge Steam Laundry" and there is a nearer one "The Medicine Hat Steam Laundry," of which Mr. John Pollitt is Agent "Take Mr. Blaine's advice and use "Creophos" and we add "Take Every Precaution" — Send Your Clothes to a "Steam Laundry and "Don't Die"

**Accident To C. P. R. Coal Chute**

**Over 5 Tons of Coal Fell All Over Tender  
Of East Bound Passenger Train**

What might have resulted in a fatal accident was only narrowly averted last Monday evening when the East bound Passenger Train stopped at the Coal Chutes at Bow Island to take on needed Coal, the fireman pulled at the lever to let some coal come down the chute to the Tender of the Engine, when through some fault of the machinery, a mass of over 5 tons came thundering down smothering the Tender and might have killed the fireman and how he escaped, we expect the fireman hardly knows himself

Finally the greater part of the mass of Coal was removed and the Train proceeded out way, over one hour later leaving Bow Island

**Death of Mrs. M. Whitney**

The death occurred last Thursday February 8th, of Mrs. Mary Whitney aged 73 years, at her home in Bow Island

Blood poisoning had set in from a scratch on her hand and not thinking much of it had let it get ahead before she saw the doctor, it then proved too much for her

Mrs. Whitney was born in Frontenac County, Ontario, in 1850, and leaves three children now living in Bow Island, Mr. B. E. Whitney, Mr. A. D. Whitney and Mrs. William Hyland.

The remains were taken east to be buried in Catusqui Cemetery, Kingston Ontario, by Mr. Albert Whitney and son Mr. and Mrs. William Hyland

**Card of Thanks**

Mr. and Mrs. B. Whitney, Mr. and Mrs. A. Whitney and Mr. and Mrs. W. Hyland desire to thank all those who kindly assisted during the illness and death of their mother

**One Of The Heat**

On Saturday night Bow Island was given a delightful surprise by Whittie We are at a loss to know whether they were all Whittie citizens or were some of them professionals, we must admit that many of the travelling companies could not compare with the Whittie company

It was without doubt one of the best plays seen in Bow Island for years

As citizens of Bow Island we congratulate the people of Whittie for having men and women who are both energetic and capable of staging plays that are second to none

Mr. and Mrs. Wm. Knox and family have been very sick, and the lady is still very sick but the rest are reported as improving somewhat  
Mr. Knox had word that one of his horses out on his brother's farm had broken its leg

Mrs. Huston who has been taking care of Mrs. Hull for a few days has now returned home

"And may we strive to touch and to know the great common human heart of us all, and O, great God, let us not forget to be kind."

## Here and There

HAFF—J. H. Harkin, Commissioner of National Parks, has announced that the formal opening of the Haff-Windermere Road will be held on June 30. The ceremony is to be held at Vermilion Crossing, half way between Haff and Windermere, motorists leaving both ends of the road early in the morning to meet at that place. The suggestion has been made by H. R. Brice, of Inverness, that the National Park be named "Columbia National Park," and the road leading up the Columbia Valley from the boundary to Golden be named the "Canadian Columbia Highway."

Victoria—Motorists will have a new circuit trip available with the complete in May of this year. The motor ferry will have the highway powered motor ferry now building at Yarmouth. Not only will Island and Mainland be linked by the operation of this craft, but the Canadian Pacific will have the steamship "Chambers" engaged in the purpose further north. The "Chambers" will operate between Vancouver and Nanaimo, furnishing accommodations for all types of cars. With the new ferry in service, a new circuit will be made available—first from Seattle to Bellingham to Sidney, then to Victoria over Javel Road, then to the "Chambers" to Vancouver, then to the Pacific Highway to the border line and Seattle again.

The motor ferry will have ample height between decks to allow for all classes of cars. During the busy season it will make two round trips each day. The vessel will be fitted with observation rooms and open spaces to give tourists every opportunity to enjoy at their own pleasure the fine scenery through the channels between San Juan Islands and other islands of the San Juan archipelago.

## Tabor Firm is fined For an Offence Under Insurance Act

In the insistence on the part of the government that the insurance Act should be closely collected, Messrs. Prosser and Lyons, barristers, of Tabor, were summoned under it. On a complaint of the Department of Insurance that a bond of the U. S. Fidelity and Guaranty Co. had been issued by the Tabor firm, and for which they received an commission of 80, the A.P.F. went to them. It was stated by Mr. Prosser that the bond had been issued in 1919 and that the firm had received the commission from the year's premium paid. He further stated that he had one bond drawn for \$3,800 on the administrator of the estate of the late Margaret Sinclair, of Tabor, for which there was a premium of \$2.50. This he claimed was all the business he had done in that line in 1922 and that he had not been soliciting insurance. In that the legal time had expired on the first bond, information was laid against the firm on the second, charging that the firm had undertaken the business of insurance contrary to the Insurance Act. Pleading guilty, the fine of \$20 with costs, was imposed by S.J. Layton, J.P., at Tabor.

## Fugitive Convict Found; Feet Frozen

REGINA—William Lewis, the prisoner who escaped from Warden Gibson, Prince Albert, on February 1st, has been found by Constable C.G. Shooter, provincial police in a deserted shack two miles west of Wilkie. Lewis had both feet frozen and it is feared that amputation may be necessary. He had been without food during the greater part of the time since his dash for liberty.

## Lethbridge Woman Inherits Big Estate in Great Britain

SEATTLE, WASH.—Book keeper and general office assistant at a small plumbing establishment here, Mrs. Catherine K. Mortby wife of a drug clerk has told her friends that she has inherited an estate in Hull, England, valued at \$150,000. The estate was left her, she said, by Mrs. Catherine Wilkins, a third cousin whom she had never seen but with whom she had corresponded for many years. Mrs. Mortby said she planned to continue her work here. She came to Seattle from Lethbridge, Alberta, several years ago.

## Still is Deadly; Owners Guilty

Two are Convicted of  
Murder and Sentenced

LOS ANGELES, CALIF.—A conviction unique in criminal court records was returned by a jury when Mr. and Mrs. Carmine Pizzu were found guilty of second degree manslaughter in the death of Police Lieutenant Albert Duffy, fatally injured in a still explosion while leading a raid in the Pizzu home last July. They were sentenced to seven and one-half years each at Sing Sing.

The still was found in the cellar of the Pizzu home and exploded while the police were at the place. Lieutenant Duffy died 10 days later from his injuries. Several other officers who were in the raiding party were injured in the blast, but recovered.

## Here and There

OTTAWA—Apparently there are some automobile drivers who are wise enough to realize that it is better to run afoul of a law than a railway train. Another case of this kind occurred in Hull.

A resident of Val d'Arc, Hull, driving an automobile he was driving on the Aylmer road one Saturday night, near the C. P. R. crossing, when his brakes failed to function, and a train was coming along. He split into the path of the passenger, three in number, and his own, while his car was badly crippled.

An auto containing four persons was driving in to Hull from Quebec, at a fair rate of speed. It had reached the Pontiac railroad crossing and was being about the C. P. R. crossing, some yards ahead of an approaching train. The driver of the auto, who was warned by the whistle of an approaching train, applied the brakes, but found they would not stop the car, which was being rapidly carried on to the crossing with the train only a short distance away. He could not get over the crossing and only those passengers and driver who were on the train did not get struck. A telegraph pole, which was just missing the car, fell, fell, fell on its side, the top just grazed the car, and the car was about to be crushed.

OTTAWA—The promise in the speech from the throne of a bill to safeguard the interests of consumers and producers from undue enhancement of prices or unfair restriction of trade by combines, monopolies, trusts or mergers, is the subject of discussion in many quarters. Generally it is understood to mean the government will bring down a bill similar to combines and trusts legislation which was superseded by the act creating the board of commerce.

## Sisters Remedy Brothers

CEDAR RAPIDS, IOWA.—Nora Thompson and her twin sister Bernice, were remarried here to Dale and Glenn Bricker, the sisters were divorced from the brothers January 17, when each sister testified her husband's brother had mistreated her. They were married on the same day in May 1922. The brothers blamed their matrimonial troubles on their wives' families.

G. W. V. A. CONVENTION---1923  
Held at Edmonton

This district was represented at the above Convention, held in Edmonton on the 7th, 8th and 9th respectively, the local delegates being "Cassy" Jones of Bow Island, C.C. Fielding of Burdett, Hugh Scott of Grassy Lake and G. Vayro of Taber.

From the official report we find that the above men justified their presence, since, in addition to representing us on important committees they were also heard from on the floor of the Convention.

The matter referred to in the Lethbridge Herald of recent date, in an attempt to justify the action of a minority of the Lethbridge Branch---and headed by Mr. Longworth, resolves itself into this: "That a self appointed few, professing to express the views of their branch, upset the loyal intentions of the majority." This was brought about by means best known to the few in question, for at a mass meeting of the Lethbridge Branch, addressed by Mr. Bottorrell, when he explained the situation with reference to the Provincial Command, the vast majority of the rank and file of members expressed absolute confidence in the Provincial Command, showing themselves intensely loyal. They also promised to be duly represented at the Convention. This decision was afterwards changed, how or by whom, we leave the public to guess.

We might with advantage quote for the benefit of the Lethbridge Executive, not the rank and file, mark you, in whom we have every confidence, the following stanzas that appeared in a recent issue of this paper "The Burdett Review":

"Great changes are slow in coming,  
But once started never cease  
Merciless in its onward scope,  
"Reform" means war or peace.

Let's hope for the best, my brother,  
And pray that the dreams come true  
When we live by the rule of the MAJORITY

UNCONTROLLED BY THE powerful (??) FEW

(With thanks and apologies to the author R.H. Walker.)  
The Convention was honoured by the presence of Lieutenant Governor of the Province who opened the proceedings. The attendance, as fraternal delegates, of the heads of the Soldiers' Settlement Board of North and South Albertas also of Directors of the Department of Soldiers Civil Re-establishment and of Government Employment Bureaus was much appreciated, more particularly so, in that they adopted a sympathetic attitude towards soldier problems.

Much time of the Convention was taken up in discussing matters to be brought before the Royal Commission in Calgary on March 3rd. and any of our soldier readers who may have difficulties to present, should communicate with their Local Secretaries at once.

In keeping with the spirit of the times, the pruning knife was used mercilessly on the estimated expenditures for the coming year, and arrangements were made which will enable Local Branches to give some assistance in the matter of dues to those of their members in arrears.

Confidence in the G.W.V.A. and pride in what it has done for the returned men and their dependants generally throughout the Dominion, was the key note of the Convention.

## Burdett News

From our own Correspondent

On Thursday last Feb. 8th Rev. Johnson gave a lantern slide show of "Ben Hur". Mr. Litt, of the Conestoga school, explained each picture as it was shown and telling the story. It is a book that everyone should read not only once but over and over again till they have digested it all; and as does so it will hold your interest to the end.

Mrs. "Dicky" Mills of Grassy Lake was a business visitor in town on Saturday.

Miss Della Brundage of Calgary is home on account of her mother's illness.

Mrs. Hingrove is the guest of her father Mr. J. T. Kinnimet.

Oliver Poole of Purple Springs spent the week end with his parents Mr. and Mrs. A. C. Poole.

C. C. Fielding returned home on Tuesday from the capital city where he had been on business.

Mrs. K. Brown is staying with her daughter, Mrs. Ab. Owen, who has been ill, but is now reported better.

Miss Mildred Clark spent the week-end at Medicine Hat with her mother and brother, who was in the hospital. Mr. John Clark going down and bringing them all home on Monday. Raymond though still sick is well on the road to recovery.

St. John, N.B.---J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, announced that the only large expenditure in his district during the year will be for ballasting and bridges. Mr. Woodman returned from Montreal, where he was on a business trip.

Kelowna---The northern railway stations, which under the recently announced agreement with the Union Pacific will be proceeded with next spring are to be built by the Canadian Pacific Railway Construction Department. One of the conditions of the agreement between the two companies is that the C. P. R. do the construction work, it is stated by Premier Greenfield, and the conditions will be complied with by the government, which had originally intended building the roads under its own railway department.

Winnipeg---Speaking of the record west movement in the Canadian west during the "past season" and the part the railways played in the marketing of it, D. C. Coleman, vice-president of the Canadian Pacific Railway, addressing the Kelowna Club luncheon here, declared Winnipeg was now the greatest wheat market in the world in the point of receipts. He quoted figures showing that inspections for the three months ending November 30, Chicago tallied 3,275,000 bushels, Minneapolis 4,599,100 bushels, while inspections at Winnipeg for the same period amounted to 108,231,015 bushels.

Referring to the shipment of grain over the Canadian Pacific Railway from September 1, Mr. Coleman said an average of 1,010 cars were loaded each day in Winnipeg for transportation east which meant that a loaded train left here for the lakes every 45 minutes during the 91-day period.

Calgary---Very considerable interest is being taken in Calgary and throughout Southern Alberta and Saskatchewan in the completion of the gap on the Canadian Pacific Weyburn-Lethbridge branch line, which has just been opened for traffic. It is stated a great stimulus will be given to the manufacturing of clay products in Saskatchewan, making it commercially feasible to use coal from the Lethbridge fields for the development of the clays in the south-eastern part of the province.

At the present time there is very little being done in the development of the clays of capital and lack of technical knowledge have been responsible for this tardiness. The completion of the branch line, however, it is expected, will centre attention to the development of what some people are firmly inclined to believe, will be a new and important industry in the West.

Figures have been issued recently showing the accidents and casualties occurring on the Pacific system of the Southern Pacific Railway during the years 1919-1921. They are sufficiently impressive:

Ran on track in front of train, 1,390 killed, 185 injured, 666. Ran into side of train, 670; killed 13; injured 255. Stalled or died on track, 237; killed, 74; injured, 41. Struck into side of train, 62; injured, 17. Ran into crossing gates, 197; injured, 18. Ran into crossing (flagmen, 20; killed, 2; injured, 15. Miscellaneous---ran into cattle guard, warning sign, etc.), 40; killed, 2; injured, 8. Total accidents, 2,760; total killed, 208; total injured, 921.

If the danger to people driving automobiles recklessly was confined to such people one might be inclined to view the situation with comparative equanimity, but the reverse is very much the case. Railroads suffer heavily through careless driving.

Carleton Place, Ont.---On the occasion of the retirement of roadmaster J. Kelly and section foreman J. Millickin from the C. P. R. Company's service, the fellow employees and their wives gathered at the town hall, Saturday, and a social evening was spent. The ladies were laden with the very best that a caterer from Ottawa could provide, and about 150 people were present from all classes of the company's service.

St. John, N.B.---C. E. McPherson, Assistant Passenger Traffic Manager of the Canadian Pacific Railway, with headquarters in Winnipeg, was in St. John recently, the guest of his brother-in-law, W. W. White. Mr. McPherson is always a welcome visitor to St. John where he was for many years as the representative of the C. P. R. up to 1907 when he went to Toronto, and later in 1899 to Winnipeg, his headquarters. Since that time this Western metropolis has grown from a town of 40,000 to a city of 100,000.
